

Fungicidal mixtures based on dithianon

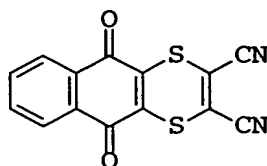

Abstract

5

Fungicidal mixtures, comprising

A) the compound of the formula I

10

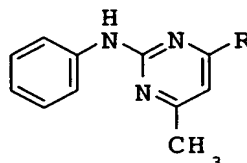

I

and

15

B) a pyrimidine derivative of the formula II,

II

20

in which R is methyl, cyclopropyl or 1-propynyl, in a synergistically effective amount, methods for controlling harmful fungi using mixtures of compounds I and II and the use of the
25 compounds I and II for preparing such mixtures are described.
